APPENDIX V.

[Vide answer to unstarred question No. 18? asked by Sri Vavilala Gopalakrishnaiah at the meeting of the Legislative Assembly held on 24th July 1953, page 1213 supra.]

Prior to 1949–50, there was no co-ordination of Grow More Food activities relating to different departments. It is only from the year 1949–50 after the appointment of the Commissioner of Food Production, Madras, that there has been regular fixation of targets, co-ordination of expenditure and assessment of results. Accordingly, a statement showing the schemewar particulars of actual expenditure and the recorded additional production under Grow More Food as verified by the Revenue Officers during 1949–50, 1950–51 and 1951–52 is furnished in the annexure.

ANNEXURE.
